

My name is Bill Wells, and I'm running for Mayor of Hanksville.

My father returned here, with his family, to his childhood home in 1976. I have since been a resident and/or property owner. (Local farmer 25 years. Business owner 31 years)

The Wells family settled in Hanksville around 1935.

I played a primary role in establishing Hanksville's first incorporated governing body by performing the study of, and incorporation of the Town of Hanksville.

I served as appointed mayor for two years, and first elected mayor four years.

We've had great success and a few setbacks. I believe we can reach greater heights than we ever have. I believe Hanksville has a bright hope and a great future ahead.

I'm throwing my hat in the ring again, if elected I'm committed to bringing greater appreciation and awareness for our patriotic and christian heritage pioneered by our early founders and expanding our borders to include all citizens in the dialogue and participation in our community. I believe in peacemaking and unified efforts.

May the God of Heaven bless each of you and our town of Hanksville.

Thank you for your consideration.

W^W H Wells
